

# CONCOURS D'ORTHOGRAPHE

International French Spell Bee Competition 2024-25

## PREPARATION GUIDE BOOK Niveau Intermédiaire

(Classes 7th & 8th)

# *Preface*

It gives us immense pleasure to present to you, the guide book for the 12th edition of The International French Spell Bee (2024-25). The primary goal of launching French Spell Bee in non- Francophone Countries was to compliment the regular French course syllabus followed in schools and institutions. In a way that the students naturally develop more interest in learning French as a language rather than just a completing a subject.

The Spell Bee contest has been designed to focus on correct pronunciations and improve a pupil's listening abilities, which play an essential role in learning a language in a more comprehensive way. The uniqueness of this guide book is that, it contains theme-based vocabulary from the popular French Text books available in the market. The key objective of this guide book is to make students more competent French learners, as well as enhancing their capability of pronouncing, reading and writing numerous words that will enable them to acquire functional knowledge of the French language.

Over 400 plus words have been handpicked from different text books available in the market for each level which is about 80% of the total vocabulary. Moreover, we have added 20% of new words which are primarily part of the DELF Junior A1 / A2 syllabus as per CIEP (Centre international d'études pédagogiques).

This is the eighth edition which has been revised to include additional Francophone theme-based vocabulary depending on the levels i.e. debutant, intermediate and advance. Following are the three main pedagogical objectives that we've taken in consideration for the above-mentioned amendments:

- 1) Satisfying learner's language curiosity and needs by vehemently providing them new vocabulary and expressions.
- 2) Acquisition of more vocabulary with a view of making the learner an independent learner being responsible for his own learning process.
- 3) Exploring more aspects of Francophone culture and civilization.

In order to make this guide more user friendly we would like to indicate that while going through the given vocabulary based on different themes, you will come across some nouns along with few abbreviations. For example, n/m, n/f, n/m/f, m/f, etc.

The list of all the abbreviations accompanied by their full forms are:

*n/m-nom masculin, n/f- nom féminin, n/m/f- nom masculin et féminin, m/f- masculin et féminin, n/m/pl.- nom masculin pluriel, n/f/pl.- nom féminin pluriel, n/m/f/pl.- nom masculin et féminin pluriel*

Apart from this guide, we encourage students to participate in mock tests and other resources available on our website i.e. <https://tinyurl.com/4pun2bnz>

At the end of this guide book we have for you the rules for the Final Round so that you can start preparing accordingly and well in advance.

We would also like to communicate to you about our new educational venture Go-Frehindi Scholarship. This scholarship gives Indian students a chance to earn up to INR 1000/- per month, which they can utilise to fund their Round 2 of French Spell bee or be a part of our various camps nationally and globally. All participants and non-participants from across grade 1-12 can avail this virtual scholarship. To know more about the opportunity, visit our website [www.lefrehindi.com](http://www.lefrehindi.com).

3. There will be two Judges cum observers for the Finals who will have the complete control of the Spell Bee. All questions will be referred to the Judges and in case of any dispute or confusion the decision of the Judges will be final & binding. In case a French teacher finds some discrepancy the same may be brought to the notice of the judges immediately while the student is on the stage. No objections or questions will be entertained by the judges and the organizers once the student is eliminated from the contest and leaves the stage.
4. All words will be based on the guide book provided at the beginning of the contest. However, no speller will be allowed to bring the guide book inside the Auditorium or anywhere in the auditorium premises. Carrying the Guide book inside the auditorium while the contest is on will call for immediate disqualification of the speller. All students will spell the alphabets in FRENCH Language only. For E.g. If the word is "Vélo", the speller will spell it in French like "Way" "Eh" "Aigu" "L" "O" & not "We" "Eee" "L" "O".
5. All words are to be spelled in singular form only, unless specified.
6. The 1<sup>st</sup> round will consist of five sub rounds which may be extended to 7 sub rounds by the pronouncer. In this 1st round of the competition the pronouncer will give a word & will define it or use it in a sentence. The contestants will have to pronounce the word. The contestant may ask to give the word again or define it again. When a Speller is spelling the word; he/she may stop & start over but cannot change the letters or its sequence from those 1<sup>st</sup> pronounced & doing so will call for disqualification from the round. No Speller will be disqualified for pronouncing the word incorrectly in the 1<sup>st</sup> round. If there is some confusion in the mind of the speller, the pronouncer may ask the speller to spell the word again. In case a speller fails to spell the word correctly, he/she will be eliminated from the contest & the contest will proceed ahead with rest of the spellers till the time we get the last three qualifiers for the Final round.

7. In case a speller fails to spell the word, the speller will be eliminated & must sit in the audiences after which the pronouncer will give the correct spelling & move to the next word on the pronouncer's list which will be given to the next speller who is in the competition.
  8. Spellers will be called one by one on the stage & will be given a word by the pronouncer for which the speller will get 30 seconds to spell the word. If the speller takes more than 30 seconds, the speller will be automatically eliminated. A time keeper on the stage will keep an eye on time to help the speller & judges.
  9. Each level will be allotted 1 hour for the 1st round to complete all 5 or 7 rounds (with a grace period of 10-15 minutes on Judges Recommendations). However, if even after the stipulated time we do not get the clear three toppers at each level the judges will decide to proceed for a Tie Breaker round having maximum 3 rounds where the spellers remaining in the contest will have to "Guess the Right Word". In this, the pronouncer will describe a word in French without pronouncing the same and the speller will have to guess it and then spell it correctly. In this format the pronunciation is as important as spelling the word. A speller has to get both right to proceed and win the tie breaker round. Hence; the word needs to be pronounced correctly 1st and then spelled & not vice versa. This process will be followed till the time we have our three finalists.
10. For. E.g. if the pronouncer has the word "Crayon" in her list she might describe it as:
- C'est quelque chose avec lequel un étudiant écrit et dessine. Il se réduit entaille lorsque vous l'utilisez.
- La gomme est son amie.
11. In case the speller fails to pronounce & spell the word then the pronouncer will ask the speller to leave the stage & take his/her place in audiences & then give the answer by pronouncing the correct word & spelling the same. The pronouncer may throw the word open to the students in the audience & in case some student pronounces & spells the same correctly he/she may get a surprise gift from the pronouncer. The pronouncer will now use an entirely different word for the remaining contestants till the time we get our finalists.
  12. The event will be a live event with parents and teachers & other students watching the contestants live. At no time anyone from audience including parents or teachers or fellow students will be allowed to help in any way to any of the spellers. Doing so will call for immediate elimination of the candidate who has been helped in such process. The audience is expected to remain silent & enjoy the live contest.
  13. Parents, teachers & students are requested to stay till 5 pm as the Chief Guests will be distributing certificates to all the students who made it to the finals.

## **RULES FOR 2nd ROUND (This round will take place in front of our guest from Embassy etc.)**

Once a speller reaches the Final round he/she is sure of a prize. The Final round will be deciding the National French Spell Bee winner 1st; 2nd & 3rd for each of the three levels.

The rules for the final round remain the same as in the 1st round including the tie breaker round. However, final round will be conducted in the following way:

### **1st Round (Max up to six sub rounds):**

Here the speller will be asked to spell the word in French given by the pronouncer in an elimination round as explained in 1st round to arrive at 1st, 2nd & 3rd.

In case we do not get clear positions assuming that all words given by pronouncer are spelled correctly by all three spellers we will move to the second round.

However; the following will be the rules in case the following scenario plays out:

In the 1st sub-round the 1st speller and 2nd speller fail to answer correctly (any two spellers) but the 3rd one spells correctly:

Both wrong answering spellers will remain in contest and the one who spells correctly comes 1st and the rest two will fight for the 2nd & 3rd position.

In the 1st sub-round the 1st speller and 2nd speller answers correctly (any two spellers) but the 3rd one spells incorrectly:

The one spelling incorrectly takes the 3rd position & the contest moves to the 2nd sub round with the two remaining spellers & this process continues till we have clear winner or the remaining spellers move to the 2nd round of describing a word.

In case all spellers answer incorrectly the 1st sub round:

All spellers remain in the contest & we move to the 2nd sub round of the 1st round.

In the case all spellers answer correctly the 1st sub round:

All spellers remain in the contest & we move to the 2nd sub round of the 1st round.

Incase all spellers answer correctly all the 6 sub rounds of the 1st round:

We move to the 2nd Round as explained having 3 sub-rounds.

### **2nd Round (Max up to three sub rounds):**

Here the pronouncer will describe words in a three round contest as explained in the 1st round to try arriving at 1st, 2nd & 3rd.
